CAREER FOCUS

I am seeking challenging job opportunities in back-end development, database administration, and front-end development. With a strong foundation in computer science principles, extensive knowledge of database management, and proficiency in back-end programming and front-end development, I am also skilled in data analysis. I aim to leverage my technical skills, problem-solving abilities, and diverse expertise to contribute effectively to a dynamic team.

EDUCATION

Pursuing Master in Computer Application
Indus University
📅 2023 - 2025   📍 Ahmedabad

GPA
9.96 / 10

Bachelor in Computer Application
St. Xavier's College
📅 2020 - 2023   📍 Ahmedabad

GPA
7.2 / 10

EXPERIENCE

Astrum Global Engineering Solutions
Data Analyst
📅 09/2021 - 12/2021   📍 Ahmedabad

Analyzed data and created comprehensive reports as a Data Analyst at Astrum Global Engineering Solutions.

Prince Management
Data Entry Operator
📅 07/2020 - 03/2021   📍 Ahmedabad

Performed data entry and generated daily MIS and reports for credit card sales at Prince Management, a DSA company partnered with banks.

PROJECTS

Digicard.inc

Developed a website that provides a centralized platform for users to apply for credit cards and loans from various banks. The website streamlines the process by allowing users to compare credit card details and offers without needing to visit banks physically, enhancing convenience and accessibility.

Extra-Curricular Activities

Actively pursued certification courses in advanced database administration, back-end development, and front-end development to enhance my technical skills and knowledge in the IT sector.

Strengths

Exhibits strong analytical skills, problem-solving abilities, effective time management, teamwork, and quick learning capacity.
